**Scientist Named
to Test Station**

Dr. Charles E. Waring, a former member of the Army's Scientific Advisory Panel, has been appointed assistant technical director for research and head of the research department at the U. S. Naval Ordnance Test Station in China Lake and Pasadena.

Dr. Waring will join the NOTS staff on Feb. 1. He is on a leave of absence from the Columbia University faculty.

Waring has served as scientific adviser, Division of War Research, Columbia University; consultant to the Joint Chiefs of Staff, the Central Intelligence Agency, Army Quartermaster Corps Research and Development Command, and Army Operations Research Office.

Waring is a fellow of the Lalor Foundation at Oxford.
